

## **Prayer Emphasis: Youth Prayer Event**

### **Plus lock-in**

Get your early teen and youth leaders involved early. They will be responsible for the lock-in. Have them pick a date. Your responsibility will only involve the prayer time. Make it a Saturday evening Prayer Vespers.

### **Program**

Begin with a youth praise and worship team leading out in praise if possible. If not, have another group lead or use canned music with some of their favorite songs to sing along.

Ask the following questions to the group.

1. Can I call myself a Christian and not spend time in prayer?
2. What does being a Christian look like?

At this point set up groups (referred to as churches).
